Navigator Menu Advantage

Menu Advantage can help you control costs, ensure compliance across your facilities and improve overall resident satisfaction.

Menu System can help improve resident satisfaction and manage compliance:
- Menu maker with pre-populated diet orders
- Seasonal menus
- Chef designed recipes

Tray Card System in place will help control costs and improve efficiencies:
- Resident image
- Diet icons
- Dining locations

Cost Control Functions can aid in staying within budget and improve outcomes:
- Supplement Usage Manager helps manage residents' supplements needs, eliminating unnecessary supplement usage
- PPD Manager provides automated PPD tracking

Clinical System offer solutions to help manage resident supplementation and control costs:
- Weight Tracker feature - automate and integrate ideal resident weight measurements
- Supplement Manager - manage product savings

Management System can aid in ensuring compliance and consistency across facilities:
- Customizable to incorporate PPD Budget Manager
- Policy & Procedure Manual
- Diet Manual
- In-Service
- Help Desk
